

Takafakare Chapwanya, Full-Stack Developer

tembisa, 1632, South Africa, +27631639012, chapwanyatakafakare1@gmail.com, Teekay Chapman

SUMMARY

Dynamic Full-Stack Developer with experience in delivering engaging web applications. Proficient in HTML5, CSS3, JavaScript, Node.js, and MongoDB, developed multiple full-stack projects and demonstrated strong collaboration skills during bootcamp teamwork. Successfully implemented responsive designs that enhance user experiences across devices. Eager to contribute innovative solutions in MVP development, leveraging a solid technical foundation and a keen desire to grow within the field.
